

## 2024-5 SEED-TO-TABLE FELLOWSHIP

Edible Schoolyard NYC is pleased to announce the opening of applications for the second year of our Seed-to-Table Fellowship to support the expansion of cooking and gardening education in the New York City public schools!

We are looking for Title I elementary and middle schools with one or more staff members excited to get their students learning in a garden and kitchen setting. Participating schools will receive **\$8,150** in funding to start or expand garden and cooking programming at their sites; one year of professional development, coaching, and technical assistance; and connection to a network of ongoing support.

Application deadline: 9/24/24.

*"This was truly an amazing experience! The professional development was... well-organized and helpful! I have been teaching a long time and this...opened up a whole new world that I am excited about. In addition, it gave my school the "push" it needed to start a garden. The impact...on the students and the entire community has been so powerful! And all the kids want to do is garden!"*  
– 2023-4 Fellowship Participant

### The Opportunity:

- **Your school will receive a \$8,150 grant**, half at the start of the program and half upon successful completion, to support the building or maintenance of a school garden, and to fund supplies for hands-on cooking and gardening classes.
- **Your school gardening and cooking program will receive technical assistance and coaching** over four site visits to support gardening and instruction.
- **Your Participating staff members will receive professional development** over six workshops held between October, 2024 and May, 2025, focused on training educators to start or maintain their school gardens and teach garden and cooking-based lessons.
- **Your school will become an ongoing member of our Edible Education network of collaborators and resources.** We will convene current and past participants to celebrate successes, troubleshoot challenges, and continually share resources.

### **Requirements:**

- **A consistent group of 1-3 staff members from your school must attend all six of these professional development workshops** held after school on Wednesdays between 10/16/24 and 5/21/25:
